Seminar on “Purchase of power from OPEN ACCESS “

A training session was organized on **Purchase of power from OPEN ACCESS** by the Goa State Centre of the Institution of Engineers (India), in association with Marmugao Port Trust on 17/3/16.

Venue: Training hall of MPT, Head Land Sada , Goa

Engr G.Dmello,FIE,Chairman Of the Institution welcomed the gathering and informed the gathering regarding formalities to be completed for purchase of Power through IEX

He also explained advantages of purchase of power from IEX.(Indian Energy Exchange)/traders of power..

Engr Durairaj M gave presentation on pros and cons of purchase of power through generating companies.

Some times cost of power goes as high as high Rs 10 per unit.

He informed the gathering to study all the components of costing before selecting open acces

Engr Dilip Sahakari presented the case study of few companies who have opted out for open access.

He also explained the gathering regarding saving of cost of power ,especially during off peak period from 11.00 PM to 5.00 AM,if opted for open access.

He also explained in details procedure of bidding, Acceptance of bid, Payment to IEX etc.

Govt of Goa has not yet given approval for open access purchase.

Mr Durairaj informed the gathering that approval for open access is expected within 3 to 6 months.

..

Engr. Dilip Sahakari was convener of the program..

Around 30 delegates including Engrs Wilson Fernandes ,Niranjan Kulkjarni,Uday Kumar,Sudhir Kumar, Ammet Sahakri,and many others participated in the program.
